

## **SAVIORUR Vanguard Helmet with Ratchet Head Band**

### **General Description:**

Head protection is a must for every type of Manufacturing Facility. It is the basic need of any Industry or Field activity however big or small. The Head, is most vulnerable to injury due to falling objects or unpredicted fall or bumps not only to those who are in Operations but all those involved in Inspection, Design, Field work or Workshop activities.

'Saviour' Vanguard Industrial safety Helmets are just the right helmets for such protection requirements as they provide complete Head protection and are also comfortable to wear.

**MODEL NO: HPSAV-VG**

## Specifications

'Saviour' Vanguard Helmets are made out of Virgin Grade UV stabilized HDPE material resistant to Impact, Heat and Chemicals. The weight of the Helmet does not exceed 428 Gms. The inner dimensions of the shell are between 520 to 600 mm.

They incorporate Ergonomic design for comfort of user and come with special structure brim design. They are provided with 6 point suspension made out of virgin grade LLDPE Material with adjustable Nape Strap for user adjustment.

It comes with a Chin strap of 19 mm width for proper fitment onto the shell and Head . Sweat Band made out of soft PU material is compatible to Skin and comes with high absorbent properties for maximum sweat absorption. Sweat Band is designed for snug fit to the forehead for maximum comfort and adjusts to contours of different users.
